ABOUT ME

- **Highly motivated** high school student with **over six years** of experience and a **deep passion** for **game** and **multimedia technologies**.
- I have spent the past **three years** intensively **mastering Unreal Engine and C++**, building advanced projects. Earlier experience includes Unity, Flutter, and robotics.
- I gained **professional experience** through a **one-year position** at a Canadian architectural visualization company, contributing to **real development tasks** and **team projects**.
- I developed strong **teamwork** and technical skills through multiple **collaborative** game projects.
- I expect to obtain my **IELTS** test result by 15/4/2026.
- **I am excited to join a Bachelor's program to further improve my skills, work on impactful projects, and collaborate within the university's community.**

EDUCATION AND TRAINING

Certificate of completion of upper secondary school studies - technical and vocational

National Organization for Development of Exceptional Talents – Allameh Helli 7 High School [06/2023 – Current]

City: Tehran | **Country:** Iran | **Final grade:** 8.5/10 (last grade) | **Level in EQF:** EQF level 4

- Studied **Computer Networks** and **Software Development** curriculum at one of **Iran's top** NODET/SAMPAD vocational schools (Allameh Helli network).
- Selected as a member of the **Student Council** at Allameh Helli 7, representing classmates and organizing school events.
- I expect to receive my Diploma by 1/7/2026.

VOLUNTEERING

[02/2024 – Current]

Persian Game Jammers

Persian Game Jammers is a vibrant community for game developers, designers, and enthusiasts from Iran and internationally. It focuses on fostering collaboration and creativity by organizing game jams, technical events, and sharing knowledge.

As a community volunteer, I help run online and in-person events, give technical support in Discord community, assist in making YouTube content, and take part in other helpful activities.
